

## ZERO-BURNING POLICY

1. HCM Management is committed to the strict enforcement and monitoring of a “Zero-Burning” policy in all our construction sites, highway work and surrounding areas at our buildings.
2. To mitigate the fire and burning hazards, the following measures are taken:
  - a) An awareness training related to ISO, safety and sustainability is conducted yearly. Record of attendance and photos are taken and kept for audit.
  - b) An active practical fire-fighting training is conducted yearly to equip and refresh our staff to fight fire during emergency.
  - c) Rubbish is segregated and disposed via “Majlis” lorries periodically.
  - d) Efforts are continuously made, to ensure “No Burning” in new building construction, highway expansion, new planting or replanting activities.
